History of Students union of Serbia

- 1992, Belgrade faculty of Law
- Transparency of work, democratic elections of executive bodies and great enthusiasm became primary principles of all student unions in Serbia.
- Open, free and tolerant society, without xenophobia and violent solutions that accompanied multiple crises
- Student protests, peace actions and campaigns in otherwise apathetic, war stricken, isolated society which at the time suffered from amnesia.
- Full membership of ESU (European Students' Union)
- One of founders of SouthEast Initiatives – network of national student organizations of South East European countries.
- Through its local member unions SUS is in touch with more narrowly directed student associations such as FISEC, I.A.A.S., BEST...

Profile of the organization

- Team building, leadership, education quality insurance, study programs and higher education institutions; promotion of student, vocational and scientific mobility, creation of networks, battle for student and result focused education, social equality (life and education of students that belong to vulnerable groups) and creation of mechanisms that will prevent further brain drain are key directions of our mission.
- Promotion of knowledge, competences and skills as unique resources a young person can own and as unique way to ensure prosperity of our country and a healthy society.
- “Monopolist”, “Breza”, “Removed blindfolds”, “Education of future”, “Were at the same level”, “Led through ECTS”, “Led through Bologna”, “Catalyzed”, “Analyzed”, “In direction of practice”, “Corruption indexes”, “Stopped discrimination within Serbian universities”, made friends with “The first festival of science in Novi Sad”, “Researched student population”, were partners in TEMPUS project “Implementation of Students Parliament in Serbia”, coordinated “Strengthening Student Participation in SEE”
