Place: Student Alliance of Belgrade

## MINUTES

Prof Vassilis Moustakis, professor at Technical university of Crete and TEMPUS SIGMUS project, has visited Student Alliance of Belgrade in order to become familiar with this student organisation and to discuss about particular problems that we are incounting during the project realisation.

This visit was mainly in the frame of the activities that are integral part of the SAB work package (WP3), 3.1. (Detailed planning of capacity building of the student representative bodies). In addition, considering 3.2.(Training for trainers in issues related to Bologna action lines at EU partner universities), discussion led to preparing the basis for this activity. Namely, SAB near future activity is to prepare the guidelines for student representatives, so exchanging the experiences is the most important for this activity.

Meeting was attended by:

- 1. Prof Vassilis Moustakis
- 2. Kristina Davidovic, contact person for SIGMUS of SAB
- 3. Maja Radovanovic, president of SAB
- 4. Ranko Stojanovic, chief secretary of SAB
- 5. Stojan Loncarevic, member of the executive board SAB

During the meeting prof Moustakis introduced his institution and the attendants discussed for an hour about current situation in student organizing in Greece. Prof Moustakis outlined all the problems that are student encountered to and explained why it's impossible to solve them.

Kristina and Maja presented SAB to prof Vassilis and explained current situation in student organizing in Serbia. In addition, SAB presented future activities in WP3. Since the key activity is to provide competent student representatives, attendants agreed that SAB activists need to exchange the experiences with partner countries, so that SAB could achieve all the needs of the project in the best possible way.

Visit was very successful, productive and important as it contributes to the further work on the project, as well as for designing and planning of the future activities within the workpackages 1 to 5.

Kristina Davidovic, contact person of SAB for SIGMUS
