

# INSTRUMENTS AND THEIR WEAKNESSES FOR TEACHERS` SELFEVALUATION IMPLEMENTATION

Valentina Sokolovska  
UNIVERSITY OF NOVI SAD

# Problems:

- Non coordination between students evaluation of study programs and teachers records.
- Inability to take over good ideas from other study programs due to incompatibility in studying plans.
- Problem of sample size.

PART ONE

**NON COORDINATION BETWEEN  
STUDENTS EVALUATION OD STUDY  
PROGRAMS AND TEACHERS RECORDS**

*Graph 1. Students' attendance on lectures in Statistics in the academic year 2007/08*

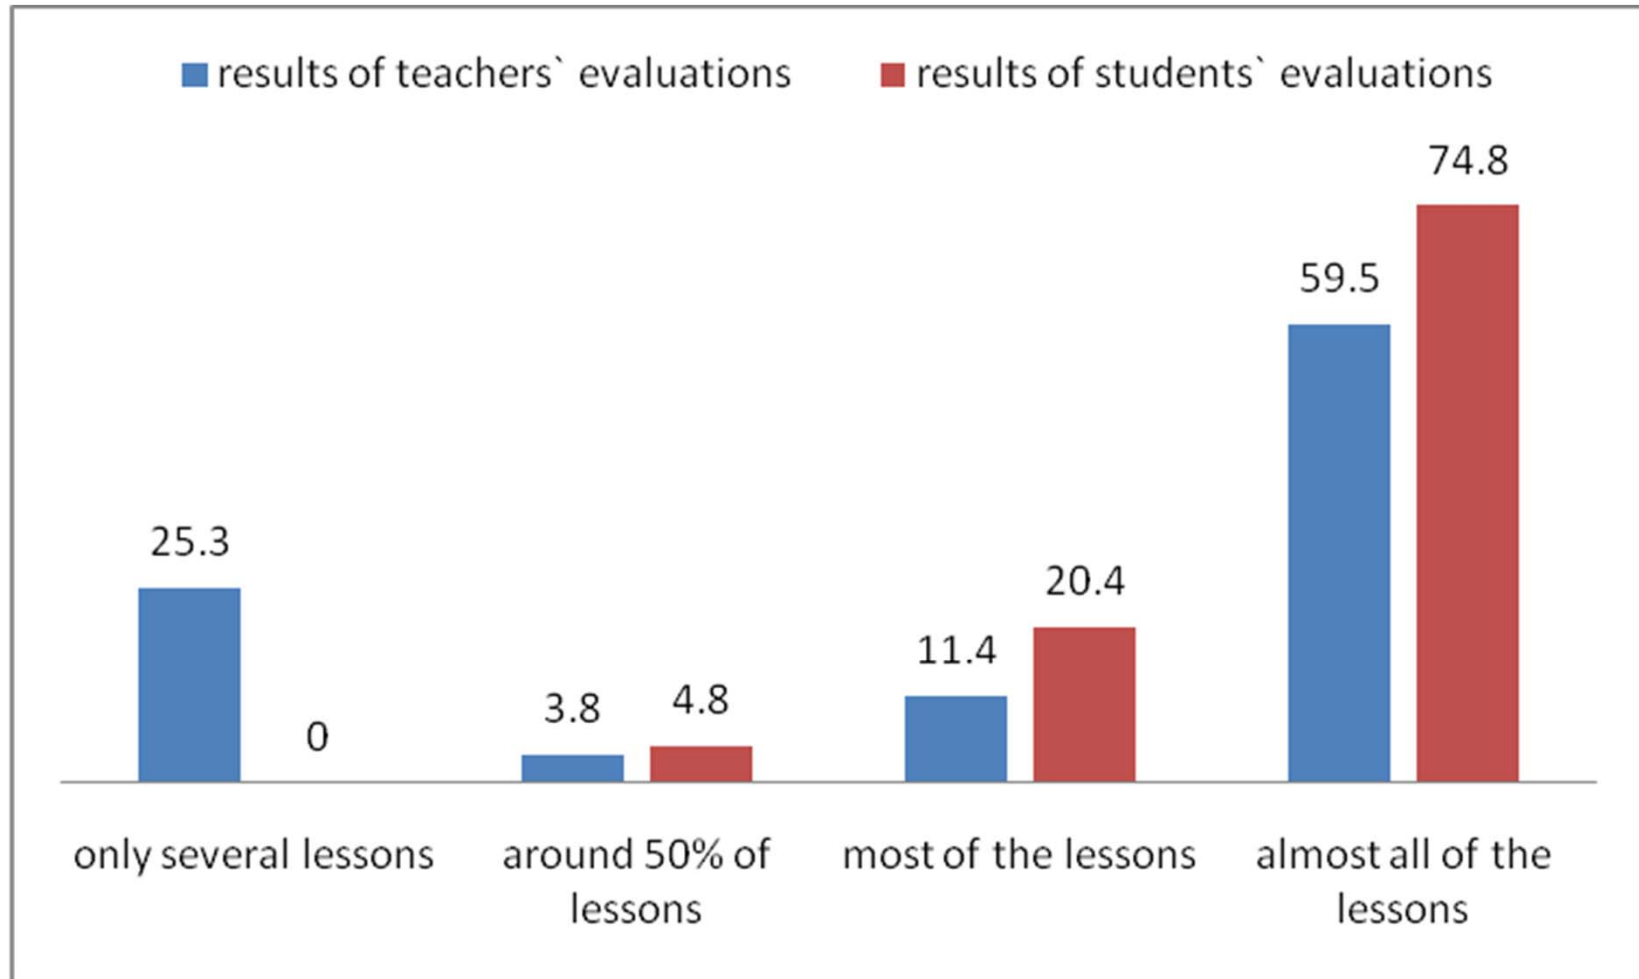

Table 1: *Evaluation of the course of Statistics in Sociology in the academic year 2007/08*

|         | Grade          | Frequency | Percent | Valid Percent | Cumulative Percent |
|---------|----------------|-----------|---------|---------------|--------------------|
| Valid   | Unsatisfactory | 5         | 10.0    | 10.2          | 10.2               |
|         | Satisfactory   | 12        | 24.0    | 24.5          | 34.7               |
|         | Very good      | 10        | 20.0    | 20.4          | 85.7               |
|         | Excellent      | 7         | 14.0    | 14.3          | 100.0              |
|         | Total          | 49        | 98.0    | 100.0         |                    |
| Missing | System         | 1         | 2.0     |               |                    |
| Total   |                | 50        | 100.0   |               |                    |

Table 2:  
*Results of evaluations of lectures, office hours,  
 literature and pre-examination requirements*

|   | Min. | Max. | Mean | Std.<br>Deviation |
|---|------|------|------|-------------------|
| Lectures of the course<br>are held regularly:   | 4.00 | 5.00 | 4.96 | 0.20              |
| Office hours for the course<br>are held regularly:                                    | 1.00 | 6.00 | 4.39 | 1.43              |
| Required literature is suitable<br>for the required content of the course:            | 1.00 | 6.00 | 3.70 | 1.44              |
| Required literature is available<br>to students:                                      | 1.00 | 6.00 | 3.67 | 1.36              |
| Taking of the final examination<br>is facilitated by pre-examination<br>requirements: | 1.00 | 6.00 | 3.46 | 1.58              |

Table 3:  
*Fulfilled pre-examination requirements in  
Descriptive Statistics*

---

|  | Min. | Max.  | Mean  | Std.<br>Deviation |
|--|------|-------|-------|-------------------|
| Fulfilled pre-examination requirements | 0.00 | 39.50 | 12.39 | 10.93             |

---

**Table 4:**  
*Results of the course Evaluation*

---

|  | Min. | Max. | Mean | Std.<br>Deviation |
|--|------|------|------|-------------------|
| Course evaluation<br>ranging from 1 to 5 | 2    | 5    | 3.26 | 0.71              |

---

Table 5:  
*Students' opinion referring to the Course of  
 Statistic*

|         | Opinion<br>referring<br>to the Course | Frequency | Percent | Valid<br>Percent | Cumula<br>tive<br>Percent |
|---------|---------------------------------------|-----------|---------|------------------|---------------------------|
| Valid   | Necessary                             | 14        | 25.5    | 42.4             | 42.4                      |
|         | Necessary, but<br>in a shortened      | 15        | 27.3    | 45.5             | 87.9                      |
|         | Unnecessary                           | 4         | 7.3     | 12.1             | 100.0                     |
|         | Total                                 | 33        | 60.0    | 100.0            |                           |
| Missing | System                                | 22        | 40.0    |                  |                           |
| Total   |                                       | 55        | 100.0   |                  |                           |

PART TWO

**INABILITY TO TAKE OVER GOOD IDEAS  
FROM OTHER STUDY PROGRAMS DUE  
TO INCOMPATIBILITY IN STUDYING  
PLANS**

# Departments of Sociology in Serbia

- Faculty of Philosophy, University of Novi Sad  
<http://www.ff.uns.ac.rs>
- Faculty of Philosophy, University of Belgrade  
<http://web.f.bg.ac.rs>
- Faculty of Philosophy, University of Niš

PART THREE

# **PROBLEM OF SAMPLE SIZE**

# Problem:

- Statistically significant sample size

**THANK YOU FOR YOUR ATTENTION**
